How to Connect to the VPN AFTER it is installed.

There are 2 ways you can open the software.

1) Click on the icon in the system tray.

2) Click on Start, then Palo Alto Networks, then Global Protect.

When you start the software you will get this screen.

The portal address is dopan.4cd.edu. Click Connect.

When the sign in comes up, type your user name and password.

GlobalProte	ect >	×
	Sign In Enter login credentials	
	Portal: dopan.4cd.edu	
	Username kogden 788	
	Password	
	Cancel Sign In	

Click Sign in.

You are connected when you see the icon in the system tray turn blue green with a small check.
